

Your Hosts

Marie-José and Han Kersten welcome you on their yacht 'Marie José'.
The ship was built at Mulder shipyard in Voorschoten and is the very best in its class. Its equipment and on-board comfort will convince you of its superiority: the ship is fitted with every possible convenience.
Your hosts love being at your service and will try to meet any of your demands.

The Jacht Charter Tiel website will give you a first impression of the ship. It also provides information about other possibilities for a day cruise on our ship.

We recently added the **Private Cruise** to our programme; a one-week cruise on the western or eastern waters of the Netherlands, which comes with full board, an attractive week programme and a very devoted crew at your service. Details are available on request.

Mini cruises with a touch of Art

Romantic mini cruise "Rijk van Nijmegen"

Nijmegen and its surroundings offer numerous objects and places of interest. Some well-known; other less famous, but nonetheless worth seeing. The foundation of the city of Nijmegen was not only determined by its strategic position near the river Waal, but also by the activities of the Romans, who in the earliest of times already built a bridgehead near Cevalum (the current village of Cuijk), heading for Nijmegen.

The region has largely invested in rebuilding and reconstructing the city centres of Ravenstein, Grave and Nijmegen. The waterways that meander through the landscape in this area form the ultimate network to discover these cities. A short excursion to the notorious Mokerheide is also included in the programme.

The Programme

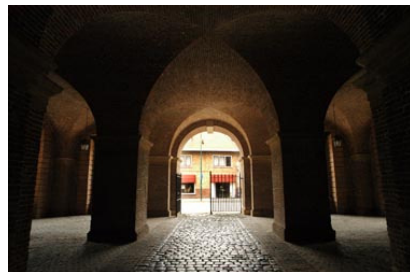

09:45 Warm welcome with coffee/tea and cake in Ravenstein, which can be easily reached by car or train.

Meet and greet with the yacht crew.

10:15 Departure to the city of Grave.

12:00 After passing through the lock of Grave, we moor in Grave, where a city guide will give us a tour of the historic city centre.

13:00 Lunch in the alluring ambiance of the Colori Restaurant in Grave.

14:30 Departure to Mook, followed by a short excursion to the Mokerheide.

15:30 Departure to Nijmegen.

The first half of the journey will take place on the relatively calm water of the Maas-Waal Canal. During this part of the journey, an Italian Aperitivo (drinks and appetizers) will be served.

After passing through the lock of Weurt, we will continue our journey on the river Waal, where you get to experience the dynamics of navigation on Europe's longest and busiest river for half an hour.

17:30 Disembarkation in the marina of Nijmegen. In case of marina activities, disembarkation will take place in the port of refuge. A taxi van will then take you back to the pick-up point in Ravenstein.

The Costs

The total costs of the mini cruise amount to € 115 per person.

The minimum number of participants is 6, with a maximum of 10.

The costs of the journey, food and drinks on board, lunch, excursions etc. are all included in the price.

There are several possibilities to extend the programme, varying from a dinner with chamber concert to a recital by a poet or writer. We would love to discuss these possibilities in detail with you personally.
